Recommended List of Bloods

This is a general list of blood tests for your next appointment that will help me gain further insight into your current health and develop your treatment plan moving forward:

- Full Blood Count and ESR
- Full biochemistry (Including Uric Acid and liver function)
- Lipid Studies
- Iron Studies
- Serum Copper and Plasma Zinc
- Serum Folate
- Serum B12
- Homocysteine
- TSH, T3 and T4
- Vitamin D
- HbA1c

Please bring a paper copy of the blood tests with you to your next appointment. If your appointment is via Telehealth please upload the tests via the myappointments.app

Many Thanks
Suzanne Ellis
