

Zion

13/1/25

Poor hearing + congested sinus
→ fluid in tube remains

Cardio — Left ventricle stiff / ~~can't~~
doesn't relax enough
to allow blood.

Teen hormones ^{→ keeps pushing} picking in —
annoys everyone doesn't take "no"
Been good in him self + health

"Earn screen time" w. reading,

Can't make sounds together. ^{writing} craft,
Can't read letters but can't put exercise.

Still can't read ~~At least~~ ~~At least~~
→ support.

Continue oxygenation supp.

"bracing support."

No signs of detox symptoms

Headaches when exerting of oxygen.
