

8/10/24 Hudson, N (3 1/2) Parlow, ^{paid} Anna, Bill

* Video J. CT - take form needed.
Clear Em + Shock + Grief ALL
Shy + screams > new people
> grandma + cousin
Referred Peter (Acu).

NBUDS sibling's birth.
→ angry rage
→ when embarrassed

Lots of big events, stress + crisis

Nm has hemochromatosis
gene — poss behavioural
implications.

Hudson — mark on chin like
→ molluscum
→ bothersome.

Bill — wants — bothersome.
→ feel, rocked, held, tickled to sleep
→ wake every 20 mins
→ severe tongue tie.
Hudson — throws blocks. ^{now fixed.}

→ sleep never good
→ tired & irritable
→ behaviour fine before sibling. Okay
→ sleeps through night if co-
sleeps & to help
fall asleep.

②
Previously would scream on
frequent waking but if picked
up [sure if $\leftrightarrow$]

~~Gravidity~~ Gravidity K. + Abx @ birth
Occasional paroxysms
+ neuritis

Emergency C-section.
Nicu 2-3 days for low
blood sugar.
(no formula).

[Birth Trauma].
+ Stress. - stopped
labour. unnecessary

Marlow born hospital

⊗ + bladder rupture after scar
tissue joining - hospital
lute.

Hudson w. grandparents
for wk + no hitting 8 wks
post-surgery.

Was excited about baby but
angry/resentful to Mom.
Lots of change.

Got aggressive with Marlow
now testing limits for
big reactions. Tries to hurt
baby.

Other stressors - Covid cancelled (3)
wedding 3 times! + Move
from VIC + Covid stress.

Eventually May '24, wedding
in Victoria but Bill got
flu A (Inf A) then Bill got
sick + meningitis +
hospital - had to learn to
walk again + bought + new
house → lost 17 kgs +
muscle wastage
Still very + multiple
wear viruses in hospital

AFL prospect.
Knuckles, fingers, knees
— wants everyone.
Coeliac since age 19.

Mum - drained (Lac-C)
