

Patient Name:	RYAN, CHRISTOPHER	Accession Number:	4322161-CR
Patient ID:	EJJ479Z	Requested Date:	June 16, 2025 16:06
Gender:	Male	Report Status:	Final
Date of Birth:	November 16, 1990	Requested Procedure:	2860897
Home Phone:		Procedure Description:	L R HIP PELVIS
Referring Physician:	LIKENS, LESLEY	Modality:	CR
Organization:	CASL		

Findings

Reporting MD: WILKIE, JILL
Fellow MD: Not available
Dictation Time:
Transcriptionist: TOMLINSON-RUSSELL, RACHEL
Transcription Date:

XRAY PELVIS & BOTH HIPS

Clinical Notes:

Bilateral groin pain ? FAI ? osteitis pubis.

Findings:

Hip joint spaces are preserved. No bony injury or abnormality is identified. Normal appearances of the bony pelvis and sacroiliac joints. There is minor sclerosis seen either side of the pubic symphysis, which may reflect mild osteitis pubis.
