Moved to N. Jersey 10 mo's ago

1 month ago bout of cystitis (not
short sharp intense) common
took supps — still lingering —
* as low grade Chronic

Prev. uterine prolapse — recovered
well on prev. homeo treatment but
gen area not happy after UTI
* prolapse treatment.

Pressure (pressing down, heavy, dragging)
Urination — stinging after urination
* Takes every 2 hrs to void bladder
Urine not hot but stings after urination
Takes an occasional peribol —

in inflammatory

* Not sexually active. Not upset or angry
Not thirsty ever but makes drinks
water → pass. bitter coffee.
* also "bitter" + pH balance.
