

Homoeoprophylaxis Patient Statement

6030
6030

I _____ the legal guardian/parent

of _____

hereby declare that:

I have carefully considered relevant medical information and I have decided to question the use of vaccination for this child against the relevant infectious diseases, prior to considering this course of homoeoprophylaxis.

☒ I discussed immunisation with an orthodox medical professional _____

OR

☐ It has been recommended by Dr Isaac Golden that I discuss immunisation with an orthodox medical professional, but I have made an informed decision not to do this.

Michelle Hookham

After discussion with ~~Dr Isaac Golden~~ I understand:

- that the use of Homoeoprophylaxis does not guarantee immunity from any infectious disease, and there is no reliable serological evidence that proves immunity after homoeopathic prophylaxis.
- there is a range of views in regard to Homoeoprophylaxis (also amongst homoeopaths) and evidence for its efficacy and effectiveness is limited and not accepted by Australian public health authorities
- the sections of the current edition of 'The Australian Immunisation Handbook' (published by the NHMRC) relevant to the diseases for which I am intending to use Homoeoprophylaxis, and relevant sections of the Australian Govt publication 'Understanding Childhood Immunisation'.

I am aware of management strategies for these diseases if this prophylaxis fails.

I have selected Homoeoprophylaxis by free and informed choice, not as a result of pressure from the practitioner.
