

♂ 7m's Oscar (Mum Brooke).  
~~Stenner~~ 25/8/25

[See intake form]

(4<sup>th</sup> + last child). Setting chiro  
only boy with Deere  
(See pic).

Sleep issues.

Lots of tension R-side  
w. eye congested (gunky/watery).

Abx + + + @ birth — ICD — C-section

Homebirth — cervix closed +  
uterus ruptured —  
b-g theater.

Separation @ birth  
Cries when strangers talk  
to him or hold/touch him

Talking!!! @ 7m's. Eats solids  
like bottomless

Natural labour — 43 wks. pit.

↳ lots of pelvic alg. gm. issues

\* Meconium suppurated

↳ a lot

↳ couldn't breathe.

M/stones all good.

[Emma  
+ Bailey]

Head covered in sweat when  
in bed + eating. (2)

Won't sleep on own.

Bed 6:30 - 7pm — b/f to sleep  
— grabs Mum's shirt  
+ checks that she's there

After chiro wakes once for  
feed then sleeps till 5:30am

But non-chiro wakes up to  
fix night + b/f to soothe  
+ wakes for any movement  
by Mum.
