Notes

Client requiring a relaxation massage, she mentioned that she had a break in her right ankle. She mentioned that her job requires her to stand on her feet on concrete most of the day.

Advised client that the massage includes the Back, upper buttock area, legs, feet, arms, hands, pecks, neck, face and head. She advised that she was happy with that.

Treatment

Relaxation Massage – Back, legs, feet, arms, hands, pecks, neck, face and head.

Post appointment.

Spoke to client about areas that may require extra attention, these areas were the legs, lower back and middle of the back.

Advised client to drink water
