There is always a risk associated with any form of bodywork treatment. To reduce the chance of risk occurring it is important to answer all questions about your health, fully and honestly. Your therapist will explain the treatment to you before they commence. If however, you have any questions or if you require further explanation, you should ask your therapist. Please read the information below carefully.

Possible Risk	Treatment Modality	Strategies to minimize risk
Pain	Deep Tissue Massage	Tell you therapist if you become uncomfortable or experience any pain during you treatment
Bruising	Deep Tissue Massage	Tell your therapist if you bruise easily or if you have any underlying bleeding condition
Relaxed / Sleepy	Massage Therapies / MLD	It is common to feel relaxed and sleepy after a treatment, so avoid getting up quickly from the treatment table. Give yourself some time to adjust before driving. Keep hydrated and drink plenty of water.
Fainting	Massage Therapies	Do not skip a meal before a treatment
Aggravation of your condition	Remedial Therapies	It is possible that your condition could become aggravated for up to 24 hours after treatment.
