

ALEXANDRA MIDDLETON

NATUROPATHIC NUTRITIONIST

TREATMENT PLAN - Abby Morgan 30/8/22

Diet recommendations

- Avoid fermented foods like pickles - will make you feel more tired/ in more pain
- Salt your foods whenever you want - will increase your energy- Murray River salt from IGA is the best option
- Nuut shakes - aim to have one every morning before 9am: <https://nuut.com.au/products/paleo> Discount code = ALEXM15.
- Try to eat different legumes every day. If you react try to do a tsp a day of a legume of choice. This helps build the good gut bacteria. E.g. black turtle beans, adzuki beans, red lentils. Fresh is always best, but organic canned ones can also work if needed (just always rinse). Instead of soups make bean and vegetable dishes for lunch or dinner when possible.
