Dr Thomas Marcus
Mornington Coastal Medical Centre
958 Nepean Highway
Mornington VIC 3931 (03 5976 3660)

Patient Name: Miss Kirstie Watkins **DOB:** 11/08/93

Address:

8 Frances Drive
Mt Martha VIC 3934

Test: For exclusion of Small Intestinal Bacterial Overgrowth (SIBO)

Date: 02/06/2023 30/05/2023
(Glucose) (Lactulose)

Test times	H ₂ ppm	H ₂ ppm
0-10 minutes (control)	3	4
30-40 minutes	3	5
60-70 minutes	2	12
90-100 minutes	4	46
120-130 minutes	4	71
150-160 minutes	7	84
180-190 minutes	4	67

Test times	Methane	
0 minutes (control)	5	4
30 minutes	1	1
60 minutes	5	9
90 minutes	4	17

Comments: Rise of Methane and/or H₂ before 100 minutes is consistent with SIBO. Lactose and Fructose testing should be deferred, and patient will return to see one of our gastroenterologists for discussion if investigations to rule out gastroparesis and explore underlying causes of SIBO.
