Urea Breath Test for Helicobacter Pylori (C14)

Urea Breath Test for H.Pylori Negative
UBT (numerical value) 11 dpm

Interpretation

<50 Negative
50 - 199 Indeterminate
>200 Positive

Comments on Collection 420724157

No evidence of H. pylori infection.

Medications used to treat Helicobacter pylori infection suppress growth for up to 4 weeks following completion of therapy. If the breath test has been performed too soon, the result may be falsely negative.

The following medication exclusion periods apply before conducting this test:

30 days - antibiotics and bismuth medications

14 days - cytoprotectives

7 days - proton pump inhibitors

4 hours and during the test - antacids and H2 antagonists

Please see collection guide for detailed instructions.

14:07

Clinical notes: blood in stool once diarrhoea for 3 - 4 weeks

Clinical Notes : blood in stool once diarrhoea for 3 - 4 weeks

Date	25/11/24		
Time	Unkn		
Lab No.	420879961	Units	Reference
Calprotectin Faece	16	mg/kg	(<50)

CALPROTECTIN FAECAL Performed on Diasorin Liaison from 20/02/2024.

Comments on Collection 25/11/24 Unkn:

Elevated faecal calprotectin indicates a high probability of intestinal inflammation. Many conditions including bowel cancer, NSAID ulceration, coeliac disease, diverticulitis and chronic inflammation may cause elevated levels.

For patients with known inflammatory bowel disease in remission, faecal Calprotectin > 50 mg/kg is associated with an increased risk of relapse over the next 12 months.

In patients with faecal calprotectin levels < 50 mg/kg with strong clinical indications of intestinal inflammation, a repeat sample may be useful.

Levels of > 250 mg/kg have greater positive predictive value especially in children.

In small bowel Crohn's the faecal calprotectin may be within the normal

range.

This test has not been validated in children under two years of age.

Testing performed by CLIA.

If all of the five Medicare rebate criteria have been met, no out of pocket fee will be charged. All patients over the age of 50 will be charged the non-rebateable fee.
