Pathology report

STAVELEY, REBECCA

FEMALE, 1971-07-30, 42485360612

261 UPPER CAMP MOUNTAIN RD, CAMP MOUNTAIN QLD 4520

Collected: 2025-01-22 07:46:00

Completed: 2025-01-22 07:00:00

Observations

Test	Value	Unit	Range
	IRON STUDIES		
Iron	10	umol/L	10-33
Transferrin Iron Binding Cap.	55	umol/L	45-70
Transferrin Saturation	18	%	16-50
Serum Ferritin Assay	39	ug/L	30-320
Comment	Comment: The iron pattern suggests, but is not diagnostic of suboptimal iron status. The serum iron may be falsely lower and the ferritin may be misleadingly elevated into the normal range by concurrent infection/ inflammatory disease. A soluble transferrin receptor assay may be useful in assessing iron status in this situation. Note: There is no medicare rebate for the soluble transferrin assay. The patient will be billed direct \$50.00.
