Dear Charlotte,

Thank you for seeing Travis Harvey, 33 yrs Male for Fertility advice. He'll be coming with his partner = Takara Raymond. This couple saw QLD Fertility Group for advice earlier and had a bad experience, and they had arranged blood test which includes genetic testing done. This couple won't be returning to QFG and will see you for results. The pathology company is called **Virtus diagnostics**.

He's having seminal analysis done at S&N and I have CC'ed copy of results to you directly. I have advised him that City Fertility also does this and he may call to ask for quotes.

I look forward to correspondence following his review with you. Thank you for your valuable contribution to his care.
