**Craig Alexander Grant**  
Po Box 425  
HERBERTON QLD 4887

Dear Craig Alexander Grant

## RESULTS NOTIFICATION

Thank you for taking part in the National Bowel Cancer Screening Program (the Program) and returning your test kit.

**We are pleased to advise you that the result of your faecal occult blood test was NEGATIVE.**

This means that no blood was found in your samples and no further action is needed for now. However, this does not mean that you do not have or can never develop bowel cancer. This is why it is important to screen every two years and talk to your doctor if you develop symptoms or have any concerns about bowel cancer or your bowel habits even after getting a negative result.

Your nominated GP has been advised of your test result. If you did not nominate a doctor or medical clinic, please take this result to your next medical appointment so your patient record can be updated.

You will be invited to re-screen in two years from the date of your last test results when you will receive another test kit in the mail.

If you have any questions about the Program, please visit [www.health.gov.au/NBCSP](http://www.health.gov.au/NBCSP) or call the National Cancer Screening Register on 1800 627 701 during business hours on Monday to Friday, between 8.30am and 6pm (except public holidays).

Yours sincerely

Dr Sarah Cherian  
Authorising Pathologist  
Sullivan Nicolaides Pathology Pty Ltd
