Dear Tony

Patient: Reiley PATERSON **DOB:** 08/06/1987
Address: 16/2 Andrew Street EAST FREMANTLE WA 6158
Phone: 0439929803

I would appreciate your input on this young patient who has symptoms suggestive of chronic fatigue/fibromyalgia which he attributes to his COVID vaccination. I note that his echo, stress echo and cardiac MRI were all normal.

Thank you and kindest regards.

Yours sincerely,

Electronically Approved
