

8.5.24

Plaster, class.

Nailed the interview. Positive reception -
asked when I could start & what car I'd like
But no further contact.
Hurts.

Is something wrong w me.

Green event - didn't get any gratit uds.
Film went well. Close to 50 people. Made \$1.5
Public meeting next week. Need new members.
Withdrawn from being the #1 candidate.

Don't feel sad, stressed or motivated. Nothing.
Not taking anti-Ds - 3 days - didn't fill script.
Still taking Camotrig w
Pain sent on c/c for 2 weeks

Not thinking
Pulling it all out
Sleeping all day.
Mind is blank. Nothing going on.

TV static.
as if brain turned off.
Vision blurry.

Weird protective state.

If I think, won't and well.

Kicks in when have nothing to do.

1/V Wed.

Friday - crashed

Mentally checked out on Friday
Last Thursday - out in for washer comp (nice)
→ IME in 4. - poked - prodded.

Excruciating.

Crying for a lot of it. + had to keep leaving

asking how I killed them.

I'm very sensory, I could feel the (euthanasia) in
my hands as I talked to her; their necks; the snail.
