

21.2.25 Catherine Watson.

Born on Prochlorperazine - no S.

Ext sensitive

Moles, freckles, spots on feet; bottom; thigh

If does something wrong, starts crying

Ext. sensitive to reprimand

NWS whooping cough - do repetitive things → go to Carcin

Getting better in not chewing - picking nails

Immune system hasn't recovered from pneumonia + w.c.

Carid Sec; cold

Content in self

If reprimand her - looks away + won't admit; won't talk for

1/2 hr.

Social; happy; confident

Started school - no problem.

- v. social

- looks after other kids

- gets tired

v. attached to M.

Trying to teach her to talk about feelings instead of
crying - throwing.

St. lisp.

Is settling down.

Woke 4am in sensation of bugs crawling

Under covers - hot + sweaty as petrified they'd
crawl on her.

fear insects

24. 2. 25

Took Buteo ; ~~last week~~ 10 days ago.

- such massive anger outburst all week ; first of

? menses - finished Saturday.

had to leave home & take time out.
