

Catherine 21.

Behaviour so after mycoplasma.
Lashing out, biting, hitting - comes + goes after virus

Chewing on nails since
chews them completely or picks them.

trying to chew her toenails

Compulsive

Repetitive; ritual to it; if sits + thinking or watching TV.

was more independent. But now, needs me all the time;
putting her to sleep. If wakes I'm not there, screaming
for me

Panick if doesn't see me

> if we're together.

Av. alone Needs someone in her.

Hi. started studying

She needs me to touch + stroke her.

Sulphur after Mycoplasma didn't clear it.

Red anus.

Stool after sulphur, better + back to normal stool.

Since whooping cough, striking her sisters; scream + yell
at them if doesn't get what she wants.

Attitude to Luke.

Frustrated, irritable; lashing out.

Sleep - wakes gasping before cough, > since.

Appetite great

⊕ sweets; choc; ice cream; cheese; meat - steak, lamb

⊕ all fruit; apples, berries, OF, seafood; pickles

⊕ ice

fermented foods

< milk; kombucha -
drainage.

Whooping cough < us

v. outgoing; talkative to anyone.

⊕ talk.

everyone her best friend.

People drawn to her

⊕ dancing

v. affectionate.

when angry, lark out & hits, slaps or bites.

Stubborn; can't & her mind

v. focused; knows what she wants.

Red anus often & complains it's sore
picks nose & eats it.

Grinds teeth at night since whooping cough.

Reprimand <<

av. hair combed.

av. dirty hands

av. dirt on mouth

⊕ wear pink & pretty clothes.

Fear insects

av water on face & hair wash.
