

8/ 4/24

Sw

Walking is catching → better

Infection doctor - if can't get on top of infection → ? amputation.
Infection/swelling to arrive back on A/Bs.

Had moments where feel ok than not.

To lose my leg - hard in my

Saw guy in prosthetic leg + looks moving well.
→ a bit more optimistic

Will be a major setback.

Got to keep moving forward.

More positive this week.

Sick of sitting around; doing more.

Got Land Cruiser back. Feel more mobile.

Worried about infection Dr on we
infection markers &

A bit of fight coming back into me.

Still have the shit in my life

Dr Dark took me off A/Bs x3 → major release
Couldn't walk; getting on & off toilet ~~not~~
exercising.

1/2 person I used to be.

will to live just gone.

Dr Chapman - infection specialist Bella Vista 10.30

Mate - Andrew. helping out.

? feeling better

Getting Land Cruiser back
- that freedom again

Don't always eat.
