Dr. Hannah Yoon

GORDON 7 DAY MEDICAL CENTRE

4<sup>th</sup> January 2022

Dear Doctor Yoon,

RE: HANNAH BURGESS (DOB:26/10/2004)

Hannah presented for a Naturopathy appointment seeking assistance with management of overwhelming fatigue.

I recommended Hannah have a general health check-up with her doctor, and have her nutrient levels assessed to rule out possible deficiencies potentially contributing to her fatigue, particularly as her medication affects her appetite. In addition to any general screening blood-work undertaken, the following tests would be useful to guide a nutritional programme for Hannah:

- Haematology & iron studies
- Serum zinc, plasma copper, ceruloplasmin
- Active vitamin B12 & RBC folate
- Vitamin D
- Homocysteine
- Cholesterol
- Thyroid panel
- Serum streptococcus

Thank you in advance for your consideration and review of Zoe's health concerns. If you have any queries or concerns, please do not hesitate to contact me.

**Yours sincerely,**

**Melissa White** BHSc.(Naturopathy), BSc.(Marine Biology/Zoology)Hons., Dip. (Metaphysics)
