Spoke to Robbie twice this week - better
- no fighting. still a lot to talk through
Don't know what I want.

Not sure if want to let go.

He tells me I'm the love of his life, but does things
not like he says.

Want him to be more upfront & honest.

I tell him it's me or your lifestyle & drugs
or the life we talked about having together.

He's invited me around for coffee, but then starts a
fight & I don't feel comfortable in his parents.

One time, he locked me in & barged me in a crate & I
fell on the lounge. His Mo came down to make sure I was
safe.

Speaking strongly

→ feel better saying it to him,

But not getting response from him
I have trust issues

But he needs to work on that

I can't do that anymore - his lifestyle. He didn't
used to be like that (past & you like that).

1st cheated on me - not on drugs.

Not same person on drugs. Used to hate it.

And he didn't talk to me about it in the beginning.

Sad to see him go from what he was to that.

Wish I could do something to fix it; he needs to

He always smoked THC - that doesn't bother me.

THC helps me relax & fall asleep. Now on medical THC.

2021 came home from jail in ice addiction.

Don't want to explain myself to another person.

Time moving on
